International Baccalaureate Diploma Programme

What is the Diploma Programme?

The International Baccalaureate Diploma Programme (IBDP) is a rigorous college-level program for motivated students in the last two years of high school. The program of study leads to exams in six different subject areas and is aimed at developing global citizens and life-long learners who are committed to serving their communities.

Profile of an IB Student

Students in the IB Diploma Programme strive to be:

- Inquirers
- Open-Minded
- Knowledgeable
- Caring
- Thinkers
- Risk-takers
- Communicators
- Balanced
- Principled
- Reflective

Why Choose IB?

The IB Diploma Programme at Ballston Spa High School prepares students to succeed in college and to effectively participate in an increasingly global society.

The IBDP helps students become confident learners and critical thinkers who desire to create a better world through intercultural understanding and respect.

The IB Curriculum

IB Diploma Programme students must choose one course from each of five subject groups including studies in language and literature, language acquisition, individuals and societies, the sciences, and mathematics. Furthermore, students must also choose either an arts course from the arts group or a second course from one of the other subject groups.

Core Elements

To earn an IB Diploma, students must also successfully complete three required core elements, throughout the 2 year program of study.

Creativity, Activity and Service (CAS): Students engage in a range of self-selected extracurricular activities, including a project, which encourages Creativity, (i.e. engagement in the arts), Activity (i.e. participation in athletics) and Service (i.e. community and social service activities).

Extended Essay (EE): Students engage in independent research and write a 4,000 word essay on a topic of their choice.

Theory of Knowledge (TOK): Students will explore the values and limits of knowledge in all subject areas and examine this fundamental question: How do we know what we know, and how reliable is the knowledge we possess?

Facts & Figures

95% of IB Diploma Programme graduates in the US enroll in four-year institutions (60% national average).

IBDP students not only do well academically while in high school, but also go on to perform well at the university level.

University admissions officials say the IBDP is the best qualification for developing students' non-academic skills (independent inquiry, open-mindedness, global awareness, self-management skills) and preparing them for further education and careers.

Studies find that the alumni of the IBDP attend top-ranking universities.

89% of IBDP students recommend that other students participate in the IBDP.

IBDP alumni report the IB has profound, long-lasting effects on students' lives. It helps them develop critical thinking, analytical and writing skills and a broader world view. In addition, they point out that they earned advanced credits for university.

IB Assessments

The IB Diploma Programme uses both internally and externally assessed components to assess student performance. In the IBDP, students receive grades ranging from 7 to 1, with 7 being the highest. Students receive a score for each exam attempted.

A student's final diploma result score is made up of the combined scores for each subject. The diploma is awarded to students who gain at least 24 points, subject to minimum levels of performance including successful completion of the three essential elements of the DP Core (EE, TOK and CAS).
