

DO YOU LIKE ROBOTS AND PANCAKES?!

Come meet RoBovines, a robotics team of Saratoga County middle and high school students! The team not only designs, builds and programs robots for competitions, they run the 4-H youth robotics program and a summer STEM camp.

March 23 at 4-H there will be a breakfast including pancakes, eggs and sausage AND a running robot to check out!

All proceeds go to STEM education programs and for RoBovines to compete in April in Houston at a FIRST® World's Championship to represent upstate NY!

To learn more about RoBovines go to <https://robovines.org>
