

2nd & 3rd Grade Summer Math Activities

SUMMER

- ☀ Ask your child what time it is and what time it will be in ___ minutes.
- ☀ Ask your child what time you should leave for an appointment or activity, if you have to be there by 10:00 a.m. and it takes 25 minutes to drive there.
- ☀ Bake or cook with your child (helps with measuring, understanding fractions & talking about cups, ounces, tablespoons, etc.)
- ☀ Figure out the start/end time when baking/cooking (elapsed time)
- ☀ Make a board game (or use a commercial board) and create word problem games cards
- ☀ Read books about math (see *Math Books for Children* on my website)
- ☀ Pay for items and figure out the change that you should receive
- ☀ Play board games (*Checkers, Chess, Monopoly, Smath, Yahtzee, 99* or *Bust*)
- ☀ Play card games (*Addition War, Multiplication War, Make the Largest 3-digit number, Phase 10, Rummy, Uno*)
- ☀ Play *Tic-Tac-15* (or any other number). Make a tic-tac-toe board and use the numbers from a deck of cards. Players take turns picking a card & placing it on the board. The first player whose cards add up to 15 in a row, column, or on a diagonal, wins.
- ☀ Sort coins and figure out different coin combinations (ex. Ways to make \$0.68)
