Database of the Month

AllSides is an incredible website aimed at providing balanced news information from the left, center, and right on a variety of topics and current events. They also have media bias ratings. The mission of AllSides is to fight the filter bubble and expose media bias and misinformation. You can find this database on [Library.fyi](#) under "Controversial and Timely Topics." Check it out!

Collaboration Corner

In February, Mrs. Wehr's students piloted a series of lessons about becoming digital detectives and learning how to ask ourselves 4 guiding questions to evaluate any online information, including information shared on social media. We had incredible conversations and a lot of fun! Contact me if you are interested in exploring this with your students.

We had many other exciting projects this month as well! Contact me if you need me to pull resources, want me to teach a lesson, are interested in some book talks, or if you want to collaborate on a multi-class project! There is nothing too big or too small.
