Means that our students will:

- **Read well** – because we *explicitly and systematically* taught them to
- **Write well** – because we *explicitly and systematically* taught them to
- **Think well** – because we *explicitly* taught them how to through our instruction
- **Learn well** – because they can read, write, and think well

**ACROSS ALL CONTENT AREAS and IN A VARIETY OF SETTINGS**

- **Be well** – physically, socially, emotionally, and mentally because we know and support our kids
- **Be citizen-ready** – because of the opportunities and experiences that we provide them both in school and in the community

“Educating Everyone Takes Everyone”
Our Points of Focus

• **Curriculum** – by creating, adapting, and/or adopting a K-12 cohesive curriculum which develops/enhances students’ on grade-level abilities in *literacy* (reading across content areas and genre types; writing to communicate to a variety of audiences on a variety of topics); *oracy* (speaking and listening to a variety of audiences and in a variety of contexts); *numeracy* (in line with the standards of mathematical practices); and, as a result, students’ *thinking* abilities as applied to a variety of complex problems;

• **Instruction** – by developing/enhancing teachers’ instructional abilities through an understanding of how students learn, research-informed instructional techniques and frameworks including the Response to Intervention (RtI)/Multi-tiered System of Supports (MTSS) model, and effective feedback models from peers and supervisors;

• **Assessments** – by developing and enhancing clear understandings of the purpose and design of effective assessments and how they can be utilized to improve teaching and learning;
